

OPTIMAX Detergent

Machine dish and glass wash detergent

Description

OPTIMAX Detergent is a concentrated liquid alkaline mechanical ware washing detergent specially formulated to provide excellent soil removal in all water conditions.

Key properties

- High flexibility, suitable for all grades of water hardness
- Professional formula, designed to remove stubborn dirt
- Easy to rinse, leaves dishes shiny and free of debris
- Suitable for use in single and multi-tank ware washing machines

Benefits

- Quickly removes grease and dried-on food
- Prevents scaling of the dish wash machine in medium to hard water conditions
- Very effective thanks to concentrated formulation

Use Instructions

Optimax Detergent is normally applied using Diversey automatic dosing equipment. It can also be used in conjunction with integral dosing pumps where these are fitted. To ensure perfect cleaning results, the dosage varies depending on the operating conditions (water hardness and type of dirt).

At first use, rinse pump and transport tubes of the dosing system to avoid possible crystallization in these tubes caused by mixing of products.

Dosage*

Soft water: 1g/L

Medium water hardness: 2g/L

Hard water: 3g/L

**This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.*

OPTIMAX Detergent
